

Northern Range Enhancement Project
(Under Grazing Lease 840055)

Registration Form

I, _____ of _____
Agree to pay per head for the right to graze the following at the **Northern Range Enhancement Project**.

_____ Heifers _____ Bull(s)

The NREP Committee insists that all requirements as stated in the “Policies for Placement of Cattle” be met.

The Association will not be held responsible for loss or damage to any animals entered into the pasture.

We strongly recommend that all animals be branded for the patron’s protection.

The entry date will be early to mid-June at the pasture manager’s discretion. Cattle must be picked up from the pasture when pasture conditions dictate or on a date set by the NREP Committee.

The patron agrees to pay the grazing fees in full (\$0.80/hd/day - heifer and bull in 2025; 2026 fees to be determined by committee) for the above animals regardless of whether the animals are grazed for the full term unless other arrangements are made.

Northern Range Enhancement Project

Policies for Placement of Cattle

Patrons

A Patron is an individual who has their own Business GST Number.

Patrons from the previous year have first chance consideration (right of refusal) for allotments for current year.

Patrons may be left off list for reasons by the NREP Committee.

If there are too many applicants applying, producers without an allotment will be placed on a waiting list. Producers have to apply each year to stay on the waiting list.

Cattle

Maximum of 30 head per patron (60 per partnership).

The Pasture Manager has the right to send problem animals home at any time.

Patrons must be present when cattle are unloaded at the beginning of the grazing season and when cattle are loaded at the end of the grazing season.

Cattle can only be unloaded and loaded on the dates specified for Take In or Take Out.

Requirements

- 1) All animals must be in good health.
- 2) All animals must be identified with an individual animal number and a legible patron number in the left ear.

Animals not individually tagged with both of the above will be tagged upon entering the pasture at a cost of \$5.00/head.

- 3) It is recommended that all animals be branded with the Patron's Brand
- 4) All animals must be vaccinated for Blackleg, IBR-P13, BVD, Vibriosis, and Leptospirosis prior to entry.

Bull Policy

- 1) Bulls used must be red or black Angus heifer bulls under 3 years of age. Bulls older than 3 years may be accepted at the Pasture Managers discretion.
- 2) Bulls will be taken out on approximately August 1, 2024, with prior arrangement with the Pasture Manager.

Fees

Grazing fees will be reviewed annually

- 1) The grazing fee was \$0.80/per day for Heifers and Bulls in 2025, this will be reviewed by the pasture committee prior to acceptance letters being sent out.
- 2) Grazing fees will be invoiced monthly.
- 3) Grazing fees must all be paid by December 31, 2026.

- 4) If grazing fees are pre-paid (before May 1) for the whole grazing season a 5% discount will be applied to grazing fees, with refund or invoice adjustments being made in November 2026.
- 5) Application for the 2026 Grazing season are due by January 31st, 2026.
- 6) **There is a \$10.00/head entry fee (non-refundable) due by April 1st, 2026. The deposit will apply to the first month's grazing fee.**
